Product information

Liquid feed supplement to support a balanced digestive tract

Equikolan is a unique combination of vegetable components and deactivated yeasts designed to support digestive functions.

- **Artichoke** support the liver and stomach functions
- **Milk thistle** supports liver function and stimulates bile flow
- **Yellow gentian** aids digestive activity
- **Caraway seed** has a flatulence-inhibiting effect
- **Rhubarb root** increases appetite and eases diarrhoea
- **Turmeric root** soothes the stomach wall and bowel mucosa; reduces flatulence and constipation
- **Peppermint leaves** reduce flatulence and cramps
- **Chamomile** soothes the bowel mucosa and reduces cramps
- **Licorice root** aids digestion, eases spasms and reduces flatulence

Feeding recommendation

Equikolan is given with the feed.

Body Weight	colic aftercare, microbial imbalance after or during antibiotics, excess faecal water	Longer term use after colic, microbial imbalance, after or during antibiotics
	short period 10 days	longer periods 30 – 90 days
200 kg	3 x 10 ml / day	10 ml / day
400 kg	3 x 20 ml / day	20 ml / day
600 kg	3 x 30 ml / day	30 ml / day

When to use

- Insufficient digestion
- Decreased bile secretion
- Loss of appetite
- Increased faecal water
