Viverosan Komplex B

Product information

Liquid feed supplement for horses for an additional supply of vitamins and trace elements

Viverosan Komplex B is a concentrate, which provides all essential nutrients to ensure healthy growth, optimal blood production and performance. The trace elements support healthy skeletal development and cartilage formation. Vitamin-B-Komplex and Iron increase the basal energy rate and support blood production. Formulated to complement the daily diet in the absence of optimal feeding- or keeping conditions.

Why Viverosan Komplex B?

Horses in recovery: Viverosan Komplex B supports the general condition of horses, in particular in periods of convalescence.

Breeding: For initial supply for foals Viverosan Komplex B supports a healthy growth and development. Mares receive Viverosan Komplex B to enhance vitality during late pregnancy.

Sport: Viverosan Komplex B is used in periods of intense strain and to support regeneration.

Feeding recommendations

Vitalisation: Light work: 15 ml/day
Hard work/Recovery: 25 ml/day

Mares in late pregnancy: 15 ml/day

Foals: 10–15 ml for initial supply for newborn foals, and every second day 10 ml

Composition:

Sucrose, Sugar Beet Molasses, Glucose

Analytical constituents:

Crude protein 1.6 %, crude fat 0.0 %, crude fibre 0.0 %, crude ash 2.9 %, sodium 0.2 %, moisture 41.0 %

Additives per kg:

Nutritional additives:

Vitamin B1 as Thiamine Hydrochloride 1,600 mg, Vitamin B2 as Riboflavin 1,120 mg, Vitamin B6 (Pyridoxine Hydrochloride, 3a 831) 1,000 mg, Vitamin B12 as Cyanocobalmin 15,000 µg, Vitamin K3 300 mg, Nicotinic Acid (3a 314) 1,100 mg, Folic Acid (3a 316) 1,050 mg, Pantothenic Acid as D-Panthenol 1,082 mg, Iron (Glycine-Iron-Chelate, Hydrate [E 1]) 2,800 mg, Iron (Iron (II) Sulfate, Monohydrate [E 1]) 2,800 mg, Copper (Copper (II) Sulphate Pentahydrate [E 4]) 137 mg, Copper (Glycine-Copper-Chelate, Hydrate [E 4]) 136 mg, Zinc (Glycine-Zinc-Chelate, Hydrate [E 6]) 2,900 mg, Zinc (Zinc Chloride, Monohydrate [E 6]) 2,900 mg, Selenium (Sodium Selenite [E 8]) 5.0 mg
